I am writing in response to the following question: Do you have any comments on the proposed deletion of land north of the University of Kent (Policy C12)? My name is Jill Young I live at [REDACTED] [REDACTED] I agree with the deletion on the technical reasons given for the change - the impact on the road network, destruction of ancient woodland, and cost effectiveness of demolishing Blean Primary School. I would continue to support these objections in any proposals for a large development of this kind in the future. I thank you for listening to everyone's concerns in this matter. Jill Young.
