Any Comments
in a creative way
I support the suggestion that the site be developed before a masterplan is agreed. I support the allocation of the site this allocation of development.
I support the allocation of mixed development.
I support the allocation of mixed development.
I support the allocation of mixed development etc. as above
I support N31 allocation that will allow 165 houses etc. as above

Over to position of site, roads into it will not be able to support traffic or pollution. Infrastructure poor in Charham.

Continue overleaf if required
