To whom it may concern,

I am not a resident of Thanington but a member of the local Lions Club who has been involved with Thanington Resource Center for any years and have seen how this centre has changed the Thanington area into a Community not just another council estate.

Please find my views on the proposed 900 park and ride vehicle estate turning from a Protected Open Space which is a great asset to the peoples of Thanington as an area of Canterbury and to Thanington Resource Centre as the focal hub.

If there is a public consultation debate on this proposal I would like to be a speaker against this proposal

Thank you for taking time to read this and allowing hopefully that it is included in consultation process

Kind regards

Mike Shaw
