Dear Sir/Madam

I am writing with regards to the N3 Policy that Canterbury City Council is proposing. That is, a Park and Ride scheme on Thanington Recreation Ground.

This is a reckless endeavour that will irreversible damage the delicate balance that the Resource centre has built up over the past 25 years. That is to say, the fantastic services that the resource centre provides for our community and that is directly linked to the recreational grounds (rec). If it wasn't for the rec, there would be no Resource centre and, if the rec is lost, it will cripple the abilities of the resource centre.

It is well known that the Resource centre provides a structure to the Rec's use which other local services are releaved of.

There are, at least, five other potential sites better suited to this scheme, let alone the benefits of multi-storey facilities that could be built and be more economically and enviromentaly advantageous to the City Council.

Therefor I ask you, please, to stop this scheme and leave the Recreational grounds to the Resource centre and the people of Thanington.

Kind Regards

Philip Wright
Resident of Thanington
