Dear Sirs/Madams:

We object most strongly to the local yet more building plans (C12) for 2,000 houses between Rough Common, Blean & Tyler Hill.

Please, please, please, leave the bit of countryside around us alone. The destruction of more ancient woodland and the ~~intolerable~~ ^{HORRIFIC} impact on our already suffocated roads would be intolerable!

This will always be our objection in any future awful proposals.

Thank you for hopefully taking our real concerns on board.

Yours Sincerely
