My name is Douglas MacInnes and I live at [REDACTED]

I am responding to the question "Do you have any comments on the proposed deletion of land north of the University of Kent (Policy C12)?"

I am writing in support of the council decision to delete policy C12 from the local plan. I am in agreement with the reasons given by the council for this decision; namely the impact on the road network and the destruction of the woodland with its impact on wildlife and nature. For these reasons, I would also oppose any future proposals for a large scale development at this location.

I am pleased the council has listened to myself and the many others that had raised objections to the original proposal and it is to the credit of the council that the voices of the residents have been listened to.

Best wishes,

Doug MacInnes
