Dear Sir/ Madam,

I am writing to formally object to the proposed development at Thanington Recreation Ground, as outlined in the recent consultation documents. As a resident of the local area, I, along with my family, regularly use this space for recreational activities. It serves as the only accessible green space in our immediate vicinity, providing essential opportunities for outdoor play, sports, and community engagement.

The proposed development threatens to replace this vital community asset with a park and ride facility, which would significantly reduce the available green space. This change would not only impact the physical and mental well-being of local residents but also diminish the sense of community that this space fosters.

I urge the council to reconsider this proposal and explore alternative solutions that preserve Thanington Recreation Ground for current and future generations. The loss of this space would be detrimental to the community, and I hope the council will take these concerns into account when making their decision.

Thank you for considering my objection.

Kind regards,  
Dulip Henadeera
