To whom it may concern

I would like to advise of mine and my families anger that Thanington Rec is being considered for a park and ride!

I outline my points below:

1. So many people use that lovely open space for dog walking, football, cricket, picnics, dog training...we use it many times a week to give our dog a much needed run around, and my son uses it weekly to meet his friends for a kick about and to play cricket
2. Why do we need a park and ride there?! There's one down the road and isn't there one being built at the new Saxon Fields development??
3. It's just recently had some exercise equipment put in...what an absolute waste of money that would have been!
4. In the event an air ambulance needed to land to help someone this side of the city...where would it land?!

Please do not consider concreting over what is a beautiful open space that so many people use and enjoy.

Regards
