Good morning,

For the attention of the Consultations Team

I would like to submit my objection to the Brookland's Development including the recent proposed Policy N20 and N21.

Reasons for my objection is the additional cars, traffic congestion, pollution and risk of vehicle accidents. Plus the increase in sewage and people to the local area which already has over subscribed services such as healthcare and schools.

We need to keep what countryside we have left.

Regards

Rhea Cumming
