Re: Do you have any comments on the proposed deletion of land north of the University of C12)?

My comments are a celebration for common sense. The villages surrounding Canterbury would have sucked into urban sprawl with the impact on the road network and the destruction of green spaces woodland.

Thank you for listening to common sense and respecting residents' views. I know that the University's money but asset stripping from selling land holds no advantage to residents or wildlife in The Blean.

Regards,
Michael Greenaway
