**Do you have any comments on the proposed deletion of land north of the University of Kent?**

My comments are a celebration for common sense. The villages surrounding Canterbury would have been sucked into urban sprawl with the impact on the road network and the destruction of green spaces and ancient woodland.

Thank you for listening to common sense and respecting residents' views. I know that the University needs money but asset stripping from selling land holds no advantage to residents or wildlife in The Blean.

Regards,

Mrs Amanda Greenaway
