I am replying to the question 'Do you have any comments on the proposed deletion of a housing project on land north of the University of Kent.? (C12)

I am in agreement with your proposal to delete your plan for 2000 houses on the University land. I agree with your conclusions that it will impact traffic negatively, and it will result in the destruction of ancient woodland and ecosystems valued in the Canterbury area. I also agree that your proposal to move Blean School would cause enormous upheaval to children staff and parents and would reduce the excellence of the present school. Thus the deletion of this policy would be most welcome. i would like to add that I would strongly disagree with any future plans on this particular site. We cannot and should not interfere with the woodland and wildlife of this location which has been protected up to now by people with considerable knowledge and expertise.

Thank you for listening to our concerns and rethinking this development.

Yours very sincerely

Rosemary Hannibal
