Dear Sir/Madam

I am responding to the following question.

Do you have any comments on the proposed deletion of land north of the University of Kent (Policy C12)?

I am very happy to see this deleted from the local plan and agree with the technical reasons given: The destruction of ancient woodland, the impact on the road network which is already well over capacity and the cost effectiveness of demolishing and replacing Blean school.

I would also object along the same line of reasoning if future large development were proposed in that location.

It is refreshing that the local voice has been listened to by the councillors and thank them for this.

Mr Neil Lamb
