I would like to object to the local plan put forward by National Highways to expand the existing lay-by to provide a further 20 HGV parking places.

I live in a park home at [REDACTED]. We have had a lot of problems already with litter being left in the lay-by. Bins were put in by the council, and although this did help a bit, it did not stop rats running in the lay-by.

With more lorries coming into the lay-by, it will increase the amount of noise being heard at night. This Park home site is for older people, retired people, so It is frightening for us to have lots of noise from the lorries.

We have also had problems with the drivers of the lorries already here, who sit by the side of their lorries cooking food and can be quite objectionable when we need to drive past them.

I hope after reading this, you could give my objections some consideration.

Thank you
Mrs Ca Foulger
