Hello,

My name is Jamie Endrizzi-Faulkes and I am a resident in Blean, my address is [REDACTED]
[REDACTED]. I am responding to the following question:

Do you have any comments on the proposed
deletion of Land north of the University of Kent (Policy C12)?

I agree with the deletion of the policy C12 from the local plan. This is because of the impact on the road network, the destruction of the ancient woodland, and the issues that new housing would cause around already strained infrastructure such as water pressure issues, electrical outages, etc. This also applies to any possible future proposal for a large development in that location. I am aware the university has not listened to this democratic process and this land should be protected immediately to Save the Blean.

Kind regards,
Jamie Endrizzi-Faulkes of
