I am writing in response to the question 'Do you have any comments on the proposed deletion of the land north of the Univeristy of Kent - Policy C12'

I would reaffirm my objections to the development on this land and fully support the deletion of the plan. My objections are based on the impact on the road network of this rural community, the destruction of ancient woodland, and the cost effectiveness and plain logic of demolishing Blean School.

My objections would remain the same for any similar future proposal on this land..

I would thank the City Council for listening to the many objections regarding this development, and thereby safe guarding this natural rural area .

Your sincerely

Hedley Grace
