Good afternoon,

I agree with the Council's decisions to delete the Policy C12 from the Local Plan as in;

- concerns around suitable access
- impact on the highway network surrounding the proposed development site
- negative impact on ecology, including the effect upon local wildlife and the loss of local ancient woodland
- the disruption and the cost of demolishing and relocating Blean Primary School

This all still stands despite the University now proceeding with selling the land to private housing developers and I believe all your current objections will remain important even with a revised development at the same site.

Thank you to the City Councillors and planning staff who have listened to local resident's concerns.

Kind regards,

Anoushka Austin
