Dear Canterbury Consultation team

I'm very sorry to say that I have found your 'focused' consultation to be impenetrable. Of additional concern is that the first I heard that there is a consultation on proposals for 2000 homes to be built a five minute walk from my house was when a neighbour put an alarmist note through my door.

I have several questions, not the least of which is "Where the hell do I start?"

But also:

What help can you give me to understand the proposals? Could we speak on the telephone, for example?

What extension to the consultation can you offer me so that I can properly give it thought and respond?

What is the truth to the rumours that Lime Kiln Road will in future be the access point to this development? I find that very hard to believe.

I've cc'd my Councillor to highlight the seriousness of my concerns. I don't wish to attend a town hall style meeting in which people get cross to no end, I simply would like to have an intelligent conversation with someone who can help me make sense of this.

Perhaps you can suggest some times we could speak?

Andrew Miles
