To whom it may concern,

I am responding to the following question: Do you have any comments on the proposed deletion of land north of the University of Kent (Policy C12)

I agree with the technical reasons given for the change, especially the destruction of precious, ancient woodland and the impact on the road network.

My same objections would apply to any potential future development on the site.

I would like to thank the councillors for having listened to our concerns and hope they bare them in mind in regard to any potential future developments.

Yours Sincerely,

Dave Peal,
