Dear Sir,

We are responding to the following question:

“Do you have any comments on the proposed deletion of land north of the University of Kent (policy c12)?

We are delighted that the council has listened and now wants to delete this development from its housing plans. Such a development would have had a negative impact on the whole area including the road network and the destruction of ancient woodland as well as schooling, wildlife and the NHS. We hope very much that there will not be a U-turn on this decision now or in the future which would be detrimental to generations to come.

Many thanks,

Hazel and Valerie Sargent
