Re planning of 900 space, park and ride site. I am born and raised in Thanington, and continue to live in my community. I work in the stressful environment of healthcare. I pay my taxes, and i vote in every election. I value that i live with choice and i have a voice.. So i can use it in this country. I value green spaces, i value breathing space, i value space for my community, for dog walkers, for kids to play in safety, for sports teams, for community events, for raising funds for the community. It is not the case that everyone has their own green space, even in the garden of England. So please think about the voters of Thanington before making decisions that affect their lives, listen to them, do not just look at £ signs.

Thank you,
Lucy Longley.
