Dear CCC,

I am responding to the following question: Do you have any comments on the proposed deletion of Land north of the University of Kent (Policy C12)?

I am completely in agreement with all the reasons put forward for your decision to delete policy C12 from the local plan. The same applies to any revised plans put forward by the university that involve the destruction of ancient woodland, increases in traffic congestion, and or the moving a Blean School to a new location.

Thank you for taking notice of our concerns. Please continue to do all you can to prevent the decision makers from implementing such a short-sighted policy.

Kind regards,

Mike Jackson-Cox
