Dear Councillors

You keep dreaming big dreams about what you want to do to Whitstable in order to meet the random housing targets of a government that will be out of power after the next election and we keep telling you why we don't like your plans because of their negative impacts on infrastructure, on quality of life, on traffic and so on, and how we want you to provide basic services first - like fixing the crumbling sidewalk outside my house - and you keep ignoring us.

So for the last time, please stop trying to fix Whitstable. There's nothing you can do to make it better. Remember your last big project, the "new" Thanet Way? If you can't build a motorway that doesn't require major repairs after twenty years why should we have any confidence in your plans and schemes for our town? We don't. Please stop bothering us.

Sincerely

Richard Dean
