Dear CCC,

This email is written in response to the question,

Do you have any comments on the proposed deletion of land north of the University of Kent (Policy C12)?

I was very pleased to see that the City Council had deleted this area of land from its plan, because it would have exacerbated current dreadful traffic conditions in the area and would have threatened the integrity of the ancient woodlands of Blean. These objections to the effect of the original plan are very likely to be raised against and other proposals of a similar scale.

Yours faithfully

Roger Cooley
