Subject: Brooklands Farmland

Dear Sir

Regarding. The planning of yet more homes in Whitstable area , we wish to object strongly and ask why is the Whitstable area being saturated by so much housing when so many already finished are not sold

Also it will mean more cars,more traffic congestion more pollution ,increased risk of road accidents ,more sewage ,more water consumption & shortages, insufficient infrastructure ,more people, less health care& dentists ,more flooding and loss of wildlife & green spaces just to mention a few

Hoping common sense will prevail

A A & B B Newman
