**Subject:** Objections to houses opposite Brooklands and to houses and a traveller site opposite Whitstable Heights

**--Email From External Account--**

Dear Sirs

As a resident of Chestfield, I strongly object to the building of 150 houses on land east of Chestfield Road (N20), and to the building of 70 houses and a traveller site on the land at Golden Hill (N21) for the following reasons:

damage to the health and safety and quality of life due to:

more traffic congestion

less healthcare and dentist due to increased needs of more people

loss of wildlife and green spaces

more sewage and water shortages

more pollution

From Mrs J WARDELL
