To whom it may concern

I would like to object to the inclusion of site N20 which would add a further 150 houses to the proposed 1350 on Brooklands Farmland, this only worsens problems raised in my objection to site W4 Brooklands Farm including :

Loss of farmland at a time when food security is vital.

Development outside urban area, harm to bio diversity and wildlife - loss of habitat etc.  
Possible flood risk and sewerage problems.

Huge increases in traffic impacting already crowded roads .

Yours sincerely

Diana Croft
