I object to policies N20, N21, W4 and W6 because Whitstable roads cannot cope with 2106 more new homes without causing unacceptable impacts on highway safety. Recent planning applications suggest that the council have not yet assessed all these problems and considered if adequate solutions are possible.

Also I object to draft Local plan policy W4 Brooklands farm and proposed A299 junction, because the new junction would trigger additional developments alongside the A299 New Thanet way causing more problems with traffic, water shortages and sewage pollution on our coastline. Also let's be sensible and let's sell all new on going developments and see the impact these have on the local communities before planning more.
