To whom it may concern,

I am responding to the following question: Do you have any comments on the proposed deletion of Land north of the University of Kent (Policy C12)?

I agree with the deletion of the policy C12 from the local plan. I agree with the reasons given for the change:  
the impact on the road network, the destruction of the ancient woodland especially and habitats for many animals, the wonderful nature accessible for humans and the cost-effectiveness of demolishing Blean primary school. The same objections would apply to any possible future proposal for a large development in that location.

I would like to thank the councillors for listening to the concerns of the Save the Blean campaign especially in light of the environmental challenges we face now and in the future.

Best wishes,

Siobhan Reddin-Tasker
