

## Brooklands Farm and Bodkin Farm - OBJECTIONS

These objections are in addition to my earlier representations

The latest proposals are NOT in the interests of Chestfield or even Whitstable for the following reasons:

1. They would, if implemented, create even more justification for the disastrous idea of a new link road to and from the new Thanet Way  
– The extra traffic through Chestfield would be horrendous;
2. Both Brooklands and Bodkin Farms should be removed from the altered plan – neither are in the interests of the village as they represent excessive developments creating demands for services which will be impossible to satisfy;
3. The proposed traveler site would bring unwelcome residents to the area
