I object to policies N20 N21 W4 and W6 because Whitstables roads cannot cope with 2106 more houses without causing unacceptable impacts on highway safety. Recent planning applications suggest that the Council have not yet assessed these problems and considered if adequate solutions are possible.

I also object to draft plan policy W4 Brooklands Farm and proposed A299 junction as the new junction would lead to additional developments alongside the A299 New Thanet Way creating yet more problems with traffic, water shortages and sewage pollutants on our coastline.
