Good Evening,

I apologise this could be late but I have just been informed of the correct place to object to the above building plans.

With three children living at my CT5 postcode we made the decision to move from the extremely busy Ashford Road to this more expensive but beautiful part of Whitstable - Chestfield. It was 3.5 years of hard work and dedication selling and saving to move here just five months ago.

We moved due to my son's asthma and pericarditis diagnosis and because we wanted to have a safe place for our children to walk to and from the school bus. Walk to the park and so on

We saw many children injured even killed on our previous road.
It's heartbreaking to think our new area will become busy too and not as safe.

Please reconsider.

Yours sincerely,

Mr and Mrs Appleton
