Dear Sir/Madam,

I object to the draft Local Plan which adversely affects Thanington Recreation ground.

My objections are:

Objections to Park & Ride on Thanington Rec

Loss of green space. It's the only green space open to the public in this area. It is very well used. It would be utterly wrong to concrete over this green space. The Sturry Park & Ride was closed for lack of use.

Loss of sports facilities. The Rec is used by dog walkers, dog trainers, joggers, children, football teams, BMX bikers & skateboarders. It's used every day.

Loss of Thanington village hall. This is a well used community facility for locals, which supports wellbeing, and physical health. What will you replace it with, if at all?

Loss of air quality. More traffic means more car fumes. Local residents include vulnerable people and children, and none of us want more traffic pollution.

The proposal involves cutting down mature trees, I object on principle. On which planet will your children and grandchildren live? You will ruin the existing green space.

Mr C Mills,
