

12th March 2026

To: Canterbury City Council re Draft Local Plan Reg 19

We therefore request that the Local Plan be withdrawn or amended and revised to incorporate genuine community input and consider:

- Reducing reliance on greenfield development
- Guaranteeing infrastructure before housing growth
- Fully exploring and prioritising brownfield sites
- Undertaking a further round of meaningful consultation before submission to the Planning Inspectorate
- Publishing a clear record showing how each key community concern has been addressed.
