Good Morning

Please find attached our formal Regulation 19 Local Plan representations, submitted on behalf of our clients H W Twyman. These relate primarily to proposed allocation Policy R10, confirming support for the allocation and the availability and suitability of the site. As set out in the attached, some concerns in relation to the detail of the policy are raised and whilst these are not raised as formal objections or on the grounds of soundness, we would nonetheless be happy to attend the Hearings if helpful to the Inspector should they want to explore these further.

I'd be grateful if you could please confirm receipt by reply.

Kind regards

Matthew Blythin
Director
