--Email From External Account--

Dear Sir/Madam,

I am writing to object to this planning application; please see text of objection attached.
Please note that this is in addition to previous objections to the Plan (which I am on public record as making); these should be considered as objections to this planning permission as well, as none of them have been adequately dealt with by the Council .

Please note that my house overlooks the proposed site and I and my family use the roads and amenities (and will be harmed by the drainage issues and natural destruction) involved directly. I remain of the view that the Council did not act rationally when forcing this plan into its Plan - despite many better sites being available to it.

Peter Orlov
