To the Planning Inspector

Dear Sir,

Brooklands Farm Development - CA/25/00779

I am responding to the consultation on the Draft Local Plan, as it relates to the above proposed development. I believe this development should not go ahead, for the following reasons:-

1. South East Water already say that they will struggle to provide water for the increased number of houses, and it is unlikely that a reservoir would be built at Broad Oak in the foreseeable future.
2. Blean Woods Area of High Landscape Value would be completely spoilt by the development. Why give areas designations such as these if they are to be ignored?
3. According to the NPPF, para. 193b, any development which is likely to cause an impact on a nearby SSSI "should not normally be permitted".

For the above reasons, I wish to record my objections to this development.

Yours faithfully,
(Mrs) R Brown
