Subject: Thanet Way Residents Association: Submission for Local Plan on Open Space
To: CCC Planning [REDACTED]

For Attention of: Simon Thomas and Shelly Rouse

Dear Sir/Madam

Please find enclosed a submission from the Thanet Way Residents Association (TWRA) in respect of the new Local Plan work being undertaken. In this document we demonstrate why the pockets of land currently protected by policy OS9 in the adopted 2017 Local Plan remain important to residents as open space and why the loss of any of these sites to development will be harmful in a number of different ways.

We request that you consider the points we raise, in the work being undertaken for the new Local Plan.

I have also posted printed copies at the Canterbury Council office..

If you have any questions or would like to discuss in person, I would be delighted to arrange a time for this.

Yours faithfully

Neil Boddy
(On behalf of TWRA)
