Dear Mr Thomas,

Thank you for giving me the opportunity to comment. I attach my personal comment in the form of a word file. Sorry about this. I did try to input the information into the survey system. It wouldn't let me complete.

I would be very grateful if you would contact me if you have any problems reading the file, if you would like further clarification or if you are able to respond to my concerns on page 7.

Best wishes,
Camilla Swire
