I would like to object to this project. In this time of climate crisis and global warming and increased volume of traffic along these country lanes, There have been two accidents on the Adisham/wingham road in the last two weeks that I have personally come across. Also the devastation of habitat and ancient woodlands.  
The project would create urban sprawl in this area of outstanding natural beauty and destroy historical footpaths across the fields.

Regards  
Patricia Wale.
