Subject: Planning consultation

To: <planning@canterbury.gov.uk>

Hello

I like many people are looking to comment on the local consultation and am finding it extremely difficult to have an opinion when there is not enough detail for me to do so. While I understand that there is pressure in the council to expand and create more housing I hope the local housing will be sympathetic to the ancient city we call home. I live along Bekesbourne Lane and am extremely worried about the proposed western bypass. I can not see on the 'sketch' where this road would go but I have had several communications with highways England regarding the amount of large vehicles that come down thus road. I have witnessed several cars that have been driven off the road and it is extremely dangerous to walk along. The new housing that is being built on the barracks site is producing more traffic and we have seen an increase in the level of traffic that use this Lane. There was a time when the lovely elderly folks from the care home could enjoy a ramble along the Lane but it is far too dangerous now. Can I please have details of the proposed road that would be the western by pass so I can make an informed objection.

Thank you and kind regards

Diane Baines
