Subject: Western Bypass

Hi

We were unable to complete the planning form on line, I tried but it was too complicated and time consuming.

Dukes Meadow is used constantly by walkers, dog walkers, children playing, adults playing football, cyclists, sledging, watching the sunset picnics and just meeting friends. We have used Dukes Meadow for over 60 years as children ourselves and our own children loved it and now our grandchildren. It is a precious green space and should be preserved as such.

The proposed bypass would be detrimental to the green space and the wildlife.

People have enjoyed this area over the last year, green fields and fresh air are so good for peoples health and mental health.

The noise and pollution from the proposed road would be awful and should not be allowed to happen. It is unnecessary when there is Rough Common Road running parallel to the proposed route.

There are very few green spaces left in Canterbury, Dukes Meadow is such a lovely area used by so many people all day long. It's a pleasure to walk there but if this Bypass goes ahead it will be ruined.

Hoping this plan will be rejected!!

Kind regards
Gilly and Gary Port
