Having tried unsuccessfully to complete my response to the Local Plan consultation -vision and growth for the Western Bypass, I am listing my comments in an email. I would like confirmation that these comments have been received.

I believe that the 'preferred option' is not the best way forward. However, option A is a new style option that could give opportunities for affordable housing and infrastructure such as schools, health centres, cycle routes to enhance health and well-being.

It is important that 'a strategic environmental assessment' is carried out before the construction of roads and houses.

I look forward to your reply.

Yours sincerely,

Philippa Trewby
