My name is Mrs J.P.John

Address: [REDACTED]

It has come to my attention that there is a plan to build a link road through from Giles Lane to Harbledown. Although I agree something needs to be done about traffic and air pollution in Canterbury this is a ludicrous solution. For one thing it is proven that building new roads can often increase traffic. Another consideration is just why we need up to 1700 more new houses which will only increase traffic and pollution. It has been evident during the pandemic how important for our well being are green spaces, trees, meadows etc. Dukes Meadow is a vital lung for the city and any encroachment on that space would be anathema.

I strongly object to the proposal and wish for my comments to be included in the new local plan.

Yours sincerely, (Mrs) June JOHN
