Subject: Fwd: Western Bay-pass

To: <planning@canterbury.gov.uk>

Dear Sir

As you can see from my email to Alister Brady and his reply and doing as requested.

The reason for the delay is because I have been involved in a major motorway accident.

Please put my disapproval in your objections list.

Kind regards

Simon Denton

Good morning Simon,

Thank you for your email, I agree with your points. If you can email planning@canterbury.gov.uk they will register your disapproval.

Having had further communication from residents over the past week, I will collate the points and again relay these to KCC planning. I have contacted them previously to register my disapproval with the Canterbury Local Plan and I will do so again before KCC officially responds. The local plan in its current form is ambiguous, unpopular, and not fit for purpose in its current form.

There is a gathering on Dukes Meadow on the 4th of Sept at 10:30. I believe the press will be there so if more people join, the in a major bigger impact it will have.

Kind regards,
Alister Brady - MEM

Dear Alister

I have emailing Re the above.

I have tried to put in my opposition to the plans but the web site keep crashing.

The reason I do not want the bay-pass is because the roads we already have give enough fumes from traffic more roads makes the area full of cars and other traffic the. Building more roads does not solve this problem but creates a even bigger issue.

As soon as they build these routes, they will infill with housing. Taking away the beauty spots and just have a concrete jungle. Putting more strain on sewers that already struggle.

There is no consideration for the local people in Rough Common and roads alike.

Please can you appose this on my behalf as I cannot do it if the site constantly crashes.

My Name is Simon Denton of [REDACTED] Email is [REDACTED]

Kind regards

Simon Denton
